FORWARD

We, the Acorn staff, take pride and pleasure in presenting this edition of the Acorn. Through many hours of pleasant toil we have made an effort to bring back a few of the memories through this year and through our life at Woodleaf.

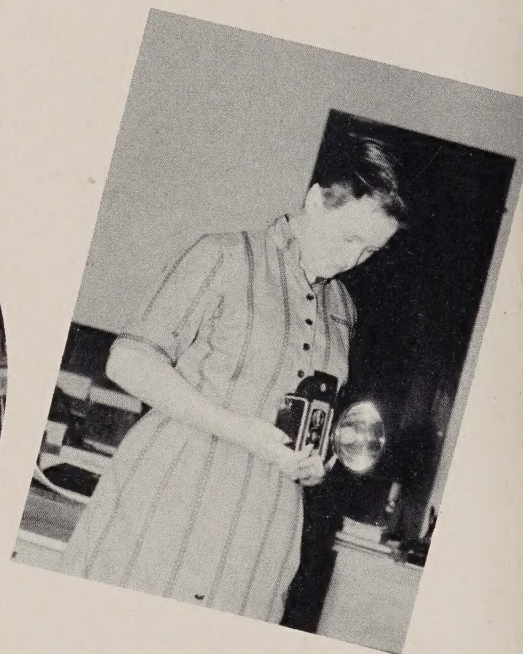

As you slowly turn these pages in the years to come, we hope that you will have a deeper appreciation of Woodleaf School and for our teachers. May the past appear as a new and pleasant memory each time you open this, your Acorn.

TO THE CLASS OF 1958

First, let me congratulate you on your many accomplishments, and upon your graduation from high school. It has been a pleasure to work with you through the past twelve years, and it is with regrets that I say goodbye. I sincerely hope that you will have a happy life, that you will be good citizens, that you will find contentment with nothing but the best and that you will remember your days at Woodleaf School with much affection.

May I remind you that you will get out of life exactly what you put into it. Each member of your class has some special talent, some special contribution to make to his fellow man. As you depart from your Alma Mater, remember these words from the poem, "Life", as written by Phillip Brooks,

"Be such a man, and live such a life,
That if every man were such as you,
And every life a life like yours,
This earth would be God's Paradise."
May God bless and keep every one of you.

Sincerely,
C. W. Harrill

CLASS POEM

These have been such happy years;
The best years of our life.
Although very often we were faced
With temptation and some strife.

Sometimes the way's been hard,
But we've still had lots of fun.
Many things we've accomplished,
And a prize we have won.

This is our life,
But not ours alone.
For the lives others live
Will reflect from our own.

So to those who are left
These words we would say:
Make and live a life
To be proud of some day.

CLASS PROPHECY

The year is 1965 and I can hardly believe all my good fortune. During my off-duty hours as an F. B. I. nurse in Washington, D. C., I worked in my private laboratory and finally produced a panacea for growing old. For my noble deed I was made guest of honor on the television program "This Is Your Life". The other guests were my classmates from the graduating class of 1958.

First of all I sought out Betty Swaim and Pauline Myers who were my assistants during my laboratory experiments. Betty is a medical librarian and Pauline also is a nurse for the F. B. I. While we were talking, Bobby Snider joined us and thanked us again for helping to pull him through after the last accident he had as a hell driver.

I spied Darlene Penninger and Jacqueline Hege and went over to talk with them. They both are housewives and school teachers living and teaching at Norfolk Naval Base. Mary Ann Robbins joined us with her darling little twin girls. She had just returned from Hawaii where her Air Force Sergeant husband was stationed.

Next I met Bill Abernethy, a big business executive in Chicago, and Harry Ward, a Chevrolet dealer in Salisbury. I found out that Harry's biggest sales are coming this year from cars painted that same shade of blue as his "blue goose".

Willie Leatherman, a school teacher at our alma mater, was trying to bribe Joyce Cartner into getting Elvis Presley's autograph so she could show it to her history students back home. Joyce is Elvis's motorcycle shiner.

Mary Ann Jones and Peggy Miller were right at home that night. Mary Ann is a beautician at the "Sleeping Beauty", one of the largest beauty salons in Hollywood. Peggy, the famous gossip columnist, gave me the low-down on the latest Hollywood romances.

I overheard Della Ann Snider and Jeanne Safrit discussing their bosses. They really enjoy their work, for quite naturally, they both are secretaries for their husbands.

I heard a commotion and turned to see Bud Benson and Claude McDaniel heatedly discussing the automobile industry. Bud, a brilliant automotive engineer, re-constructed the Kaiser automobile and put it back on the market. Claude is president of General Motors Corporation.

Peggy Mayhew and I had a wonderful time discussing our different jobs as nurses. She is head nurse at Davis Hospital.

I talked to Mary Jo and Jerry Waller and found that they are enjoying furnishing the new home they just built. They own and operate a large restaurant in Salisbury.

I found former-secretary-now-turned-housewife Georgia Faye Kluttz laughing and talking with Libby Harkey over old times. Libby is secretary for the very rich and prominent lawyer, Jack White.

Jim Coulter showed me a picture of himself in his office giving dictation to his efficient secretary Louise Hall. He is now owner of the prosperous Bailey Farm in Woodleaf.

Air Force Sergeant Marie Waller told me all about going to Paris on her last leave.

Ruby Campbell and Betty Myers, who are happy housewives, showed me pictures of their families and told how glad they were when the kids left for school on the first day.

I turned from talking to Claude Gullett, a Navy recruiter, to run to the window with everyone else. We saw a huge Cadillac stop outside and a big man get out. He had a Stetson on his head and a cigar in his mouth. He came in making apologies for being late; he turned out to be rich bachelor rancher--William Eagle.

Only a short while later the party was over and I had to rush to catch my plane back to Washington, but I still think of that night and wish I could see each one of my friends again.

CLASS HISTORY

In nineteen-hundred and fifty-four, forty excited and inexperienced Freshmen made their decision to further their education at Woodleaf High School. Miss Margaret Fisher and Miss Mary Coleman helped make the year a happy and successful one. After nine short months of hard work and study, our year as Freshmen was over.

Thirty-six of our classmates returned the following year as Sophomores, with Mr. William Cansler as our advisor. During the Sophomore year we took part in the various activities; the time flew by all too fast; and another year was ending before we realized it.

After two years of hard work and play, thirty-three of us received the reward of being Juniors. During the year Betty Swaim joined our class. Our class officers were Jean Safrin, President; Darlene Penninger, Vice-President; Della Ann Snider, Secretary; Faye Klutz, Treasurer; and Mary Ann Robbins, Reporter. During the year a Tri-Hi-Y Club was formed with Miss Pansy Hopkins as advisor. Starting the year off with more school spirit, we passed our goal of five-hundred dollars through our magazine drive. Giving the Junior-Senior Banquet and the Junior Play, "Scootin' Grandma" were outstanding events all of us will remember. Our boys' Basketball team was Runner-Up in the tournament. Our team also won the Sportsmanship Trophy, and our coach, Mr. Cansler, was named Coach of the Year. We enjoyed this year very much under the guidance of Miss Pansy Hopkins.

At last, we reached the last phase of our high school life. Thirty of our original class became dignified Seniors. We were fortunate to have Mrs. David Chambers as our advisor. Our class officers were Charles Benson, President; Bill Abernethy, Vice-President; Peggy Miller, Secretary; Jacqueline Hege, Treasurer; and Mary Ann Robbins, Reporter. During the year we settled down to a new schedule, no study hall and five periods. The events during the year were the Halloween Carnival, receiving our class rings, producing the Senior Play, "Backwoods Romeo", Junior-Senior Banquet and planning and preparing the "ACORN" and the "LEAF".

As we near graduation, we look back over the eleven years and realize that we have attained the goal which then seemed so far away. With a sense of achievement and with many happy memories, we carry with us the resolve to seek new goals by always fulfilling our Senior Motto, "Not for ourselves, but for others."

STATISTICS OF '58 CLASS

After collecting facts and figures I have uncovered the following data concerning the '58 Senior Class of Woodleaf High School.

There are 20 girls and 10 boys making up a class of 30 Seniors, 70 per cent of which are topped with brown hair, 13 per cent with blond hair, the remaining 17 per cent with black and red hair.

Upon observation I find that 43 per cent of the class has blue eyes, 30 per cent brown eyes, 20 per cent hazel eyes and 7 per cent green eyes.

I find that the average height of the boys is 6 feet, while the girls average height is 5 feet, 4 inches. Statistics show that the average weight of the boys is 171 pounds, and 114 pounds the average weight of the girls. The average shoe size for the boys is size 10 and the girls, size 6 1/2.

The favorite pastime is dating and listening to the radio. Movies is the most popular place to go on dates. The favorite movies are "Loving You", "Giant", and "The Eddie Duchin Story", baseball the sport; and "Music With Mason" the favorite radio program.

I find the best liked sportsman is Mickey Mantle of the New York Yankees while the best liked movie stars are Rock Hudson, and Kim Novak.

As for food and drink, the '58 Seniors prefer hamburgers and pepsi cola.

Mr. Bill Cansler is the High School teacher chosen as the best liked by the '58 Seniors.

Mountains and beaches are the favorite vacation spots.

The preferred vocalist is Pat Boone by 50 per cent of the class. Elvis Presley came in second with 13 per cent.

The majority of the class prefers the Chevrolet car; the Ford came in second place.

It seems that 67 per cent of the class is in love and plan to marry soon with the exception of 3 who are married. Thirty-three per cent of the class is not in love.

Statistics show that the majority of the class is Methodist and Baptist. The Republicans have a slight lead over the Democrats.

The preceeding statistics concerning the Senior Class of '58 are legitimate and accurate to my knowledge; and I, the Statistician do solemnly affix my signature.

Della Ann Snider, Statistician
